Sounds great. Do we have any glass beads in vials. I ordered glass beads and have sterile vials as the company is unavailable but I have the beads and all as the preferred equivalent. So all is good. Yes , lets talk next week. Enjoy your time off and have a great time.

Cheers

Great. Thank you.

We will be leaving around 7:00AM or 7:30AM on Monday, October 23 because one of the locations we are testing can only be done on Monday. So, sampling will be Monday and Tuesday, possibly Wednesday. I need to continue contacting people.

I am going to grab bottles on the way up. I have three vehicles reserved, so need to figure out who will be riding with who and the logistics of sampling sites. Also, making sure we get dry ice on the way up.

I am only working four hours tomorrow and off the rest of the week, so we can talk next week to verify all the logistical stuff.

Thank you for ordering the funnels and getting the forceps and booking your hotel.

Sincerely,

Cheryl Burdett
